Stefan Lux, Hanno Millesi
Ballverlust

German, 136 pages, 17 × 17 cm, numerous illustrations in color (70), hardcover
Texts by Hanno Millesi and photographs by Stefan Lux
Graphic design: Stefan Lux, Hanno Millesi
Publication date: 2005

Ballverlust is a project by the German video artist Stefan Lux and the Austrian writer Hanno Millesi: a book made up of texts and pictures. One text and one picture stand opposite each other on each double page, the imaginary ball that flies back and forth between them points to relationships and correlations of meaning. The book sets off cognitive mechanisms which construct connections between events, texts and pictures and combine them into stories.
